

Bro. Sanford

Harrison was employed by us in the repairs on the College Building, for 10 days at \$1.25 per day, amount \$12.50. Mr Phelps has had a kind of supervision of him, but Bro. Sanders & myself have settled with Harrison himself. who reports to his master. Harrison might procure ~~him~~ you a receipt, but as I employed him on the part of the Committee, you may think it sufficient, especially as I alone kept account of his work & am cognizant of all the facts.

Appended you will find my receipt, & if satisfactory, please settle with Harrison.
